

# ACTUATOR MI-13 slider

Code MOAC13000

BETWEEN HUMAN AND TECHNOLOGY

**2YEARS**

Warranty

## Benefit

Thanks to its reduced dimensions, the MI-13 slider actuator is suitable for applications where the available space is particularly small, such as compact headrests and

backrests. The adjustable microswitches may compensate any small differences in the frames or mechanisms.

## Technical features

Max stroke: 250 mm

Max load: 3000 N

Min mounting distance:  $\geq 70$  mm

Rear attachment:  $0^\circ - 90^\circ$

Supply cable length: 500 mm - 1000 mm

## Configuration (max load - speed no load)

3000N - 5mm/sec

1500N - 10mm/sec

800N - 15mm/sec
