Different sizes available

Motorized	22kg +/- 1kg	Armchair	MAX 150kg 330lbs Maximum capacity	Cycles: 30.000	2 YEARS Mechanism 2 YEARS Actuator Warranty

Positions:

**Benefit:** Extremely solid and versatile mechanism, can be used on different models of armchairs, from classic to contemporary design. The mechanics is equipped with an actuator for infinite relaxation positions with the simple electric adjustment from closed, tv to Gravity 0. "Gravity 0" is the result of extensive studies that have shown that, thanks to the

"legs/heart" alignment, the feeling of relaxation is amplified. DECKCHAIR glider and swivel is characterized by a tilting movement (glider) and rotation (swivel) designed to provide high performance level of comfort for the end user, which make this product unique. DECKCHAIR has been designed to make upholstered CLOSED BASE.
