Benefit: The mechanical Facile independent M2 of the FACILE series is perfect for sofas and armchairs (fixed, swivel) with clean and thin lines (open base up to 200mm). With a very solid base structure, it allows the designer wide choice in the form of the finished product; two actuators regulate the independent movement of the backrest and seat of the

mechanism when closed, TV, comfort to relax. The minimal and linear design of the levers makes the movement of the sliding mechanism in order to improve the comfort of the padded. The numerous options make this item customizable: from pins, bases, buttons in order to meet the most sought after needs of our customers.
