BETWEEN HUMAN AND TECHNOLOGY

Standard sizes (mm)

530

Motorized	17kg+/-1kg	Armchair	MAX 160kg 360lbs	Cycles:30.000	2YEARS Mechanism 2YEARS Actuator Warranty

Positions OPEN BASE

Positions OPEN BASE&SWIVEL

**Benefit:** FACILE independent special motorized has been designed to create armchairs (fixed, swivel) with an open base (up to 200mm). Thanks to the addition of a seat frame fixed to the mechanics, the special version stands out from the other products in the family, thus expanding the design possibilities of the designer. Two actuators regulate the independent movement of the backrest and seat of the mechanism: from closed, TV, comfort

to full relax. The minimal and linear design of the levers makes the movement of the sliding mechanism in order to improve the comfort of the padded. The numerous options make this item customizable: from pins, bases, buttons in order to meet the most sought after needs of our customers. Moreover, thanks to its conformation, this model allows the designer to add a set of slender and compact armrests, in order to increase the comfort of the user.

## Optional
