Positions:

**Benefit:** First Class extended reinforced is designed for all those who seek extreme comfort. The feature "Extended" allows you to increase the depth of the seat by 130mm. The sliding mechanism (Chaise) allows the transition from the "closed" position to the "bed" position, offering the user infinite relaxation positions. First Class extended motorized is

a mechanism with a solid, robust and modular structure, which allows you to compose the padded according to your needs with extreme ease. In addition, it is designed for the most spacious seats: it is equipped with reinforcing bars that make the structure more resistant. This product is used in the design of OPEN-BASE upholstery (high feet up to 150mm).
