

HEATING PAD

BETWEEN HUMAN AND TECHNOLOGY

1 YEAR

Warranty

Benefit: The heating pad is ideal for heating seats or backrests and can be applied on armchairs and sofas. Thanks to its construction it can be installed directly under the leather or the fabric of the padded, offering a simple and fast assembly; at the same time a high efficiency and an immediate

perception of heat. The temperature can be adjusted according to the user's needs and is managed by an EKO control unit. The high quality of the materials and a careful study make this product extremely safe and reliable.
