**Benefit:** The KONEK manual is a manual headrest with a minimal shape and chromed frame, extremely light, easy to use both inside chairs or sofas.

The manual sofa joint with return spring allows a 30° rotation (20°-230°) with clicks every 5°. When the headrest reaches the

maximum rotation, the release of sofa joint allows it returns quickly to the starting position. KONEK manual is supplied already assembled (wooden board included) and ready to use.

Possibility to customize the measure upon request.
