Maximum lifting capacity

MAX  
220kg  
485lbs

Cycles:30.000

2YEARS  
Mechanism  
2YEARS  
Actuator  
Warranty

Positions:

Closed

TV

Full Relax

Lift

**Benefit:** The KEYMOTION mechanisms are built entirely in Italy, from the raw material, to the processing, up to the final assembly and testing. The products are carefully checked before being shipped. This mechanism is designed to ensure high lifting performance and comfort, facilitating the everyday life of the most needy user. Three motors regulate the different positions: closed, TV, full relax and lift. The first actuator, in

addition to bringing the padded in position Lift, extends the footboard by doing a slight tilting action to the seat and backrest; the second actuator instead reclines the backrest until you reach the Full Relax position. The third actuator reclines the backrest until it reaches the Full Relax position. The lift system lifts the padded (from closed position) allowing the person to stand upright. The mechanism is equipped with a base.

## Optional

SOME ACCESSORIES			ELECTRIC KIT		CONTROL SYSTEM		
	TROLLEY KIT	HEADREST & RATCHETS		ACTUATORS		BUILT IN SWITCHES	CONTROL PLATES
	CARTER	FINISHES		PLUGS & CABLE EXTENSIONS		TOUCH SENSOR	WIRED/WIRELESS REMOTES
