Cycles: 30.000

2 YEARS  
Mechanism  
2 YEARS  
Actuator  
Warranty

Low Foot (Padded closed base)

Positions:

Closed

TV

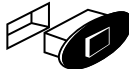

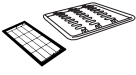

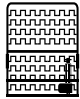

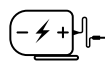

Bed

**Benefit:** The KEYMOTION mechanisms are built entirely in Italy, from the raw material, to the processing, up to the final assembly and testing. The products are carefully checked before being shipped. This mechanism is designed to ensure high lifting performance and comfort, facilitating the everyday life of the most needy user. Two motors regulate the different positions: closed, TV and bed. The first actuator extends the

footboard by doing a slight tilting action to the seat and backrest; the second actuator instead reclines the backrest until you reach the Bed position. Finally, the Bed backrest increases the comfort in the open position with an inclination of as much as 22° more than the standard version. LEVANTE RELAX BED M2 has been designed to create padded CLOSED BASE (low foot).

## Optional

SOME ACCESSORIES	 HEADREST & RATCHETS	 DOUBLE FOOTBOARD	ELECTRIC KIT	 ACTUATORS	CONTROL SYSTEM	 BUILT IN SWITCHES	 CONTROL PLATES
	 CARTER	 FINISHES		 PLUGS & CABLE EXTENSIONS		 TOUCH SENSOR	 WIRED/ WIRELESS REMOTES
