

LEVANTE

MACY BED STD VERTICAL LIFT M3

Code PL09120-XX-YY

Made in Italy

Standard sizes (mm)

630

Motorized

30kg +/- 1kg

Armchair

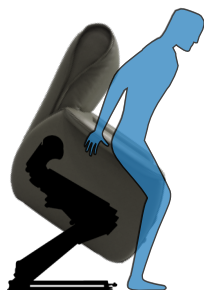

Maximum lifting capacity

MAX
220kg
485lbs

Cycles: 30.000

2 YEARS
Mechanism
2 YEARS
Actuator
Warranty

Positions:

Closed

TV

Bed

Lift

Benefit: The KEYMOTION mechanisms are built entirely in Italy, from the raw material, to the processing, up to the final assembly and testing. The products are carefully checked before being shipped. This mechanism is designed to ensure high lifting performance and comfort, facilitating the everyday life of the most needy user. Three motors regulate the different positions: closed, TV, full relax and lift. The first actuator and the second, extend the footboard by doing a

slight tilting action to the seat and backrest, finally lift the padded up to the Lift position. The third actuator reclines the backrest until it reaches the Full Relax position. The vertical-lift system lifts the padded without rotation for the first 10 cm, allowing the person to adapt to the intermediate heights before standing. Finally, the Bed backrest increases comfort in the open position with an inclination of 22° more than the standard version. The mechanism is equipped with a base.

Optional

SOME ACCESSORIES				ELECTRIC KIT		CONTROL SYSTEM		
	TROLLEY KIT	HEADREST & RATCHETS	HANDLE		ACTUATORS		BUILT IN SWITCHES	CONTROL PLATES
CARTER	FINISHES	DOUBLE FOOTBOARD	ARMREST	PLUGS & CABLE EXTENSIONS	POWER SUPPLY & BATTERY PACKS	TOUCH SENSOR	WIRED/ WIRELESS REMOTES	SMARTPHONE CONTROL SYSTEM
ARMREST KIT	DORSAL			CONNECTOR
