Motorized	3.8kg	260mm	Armchair	Sofas	Load:40kg	Cycles:30.000	2YEARS Mechanism 2YEARS Actuator Warranty
-----------	-------	-------	----------	-------	-----------	---------------	---

Benefit: The MITICO 260 motorized is the motorized version of the homonymous manual mechanism. Using this upgrade in fact, the movement will no longer depend on the action of the user's weight but will be managed, in comfort, by an electronic control system (push-button). Thanks to the MITICO 260 it is

possible to extend the seat depth by 260mm. The size and low weight, the visible finishes (customizable on request), make this product versatile and functional.
