Benefit: ONDA one move is a functional and minimal mechanism. Installed in the padded allows the user to open the footboard bringing the sofa (or armchair) to the position considered most appropriate. The characteristic 0-wall allows the user to place the padding near the wall of the room and to move

it safely. Possibility to customize, on request, the visible finishes of the product choosing from a series of surface treatments. ONDA one move has been designed to create padded CLOSED BASE (low foot).
