TV

Full Relax  
(cuore)

Closed

TV

Full Relax  
(cuore)

Positions **OPEN BASE type B**

**Benefit:** The PROFONDO D.S.C. cuore is ideal for making upholstered from the deepest seat (of 70mm) and more compact (of 40mm), compared to the standard version. Thanks to the reduced jaw thickness, it allows great freedom when choosing the design of the finished product; in fact, the mechanics can also be mounted very close to the floor (in the case of a closed base), or raised from the floor (semi open base). In a relaxed position it is able to raise the legs even higher than its namesake, reaching

the "heart position": this particular position is the result of extensive studies that have highlighted that, thanks to the alignment "legs/heart", the feeling of relaxation is amplified. A wide selection of finishes allow the customer to further customize the design of the mechanism in order to create a unique padding. PROFONDO D.S.C. cuore has been designed to make both padded with CLOSED BASE (low foot) and OPEN BASE.

## Optional

SOME ACCESSORIES			ELECTRIC KIT		CONTROL SYSTEM		
	CARTER	METAL STRAP		BUILT IN SWITCHES		CONTROL PLATES	
							
KD	FINISHES	HEADREST & RATCHETS	PLUGS & CABLE EXTENSIONS	POWER SUPPLY & BATTERY PACKS	TOUCH SENSOR	WIRED/ WIRELESS REMOTES	SMARTPHONE CONTROL SYSTEM
