930	760

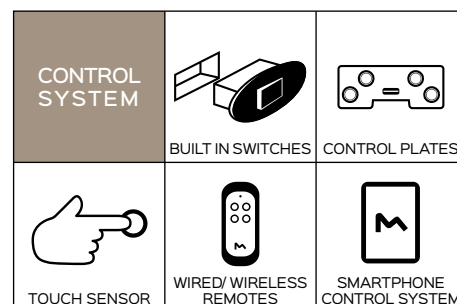

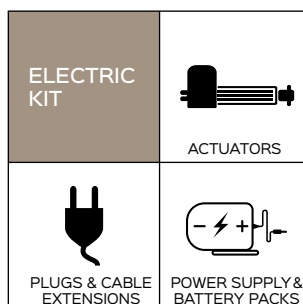

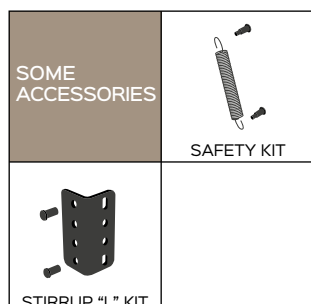

Different sizes available

**Benefit:** The PUSH HEADstrong electric headrest has a strong and stable structure, it can easily fit with the design and the ergonomics of the finish product, the levers turn through an angle of 40° and are provided of a safety self-returning mechanism, that stops in case of obstruction, but at the same

time it allows to turn to the close phase in total security once the obstruction is removed. It's ideal to ensure a proper posture, cervical support and the best comfort.

## Optional
