Benefit: SCHIENALETTO motorized is a versatile and reliable product, available in different configurations. The backrest support allows to increase the depth of the seat, depending on the user's needs. The available strokes are: 250 mm, 300 mm and 400 mm. What distinguishes this product is the presence of

quick couplers. The latter make the assembly to the backrest even easier. This allows you to send the disassembled backrest facilitating shipments. The motorized movement allows to reach a wide range of positions, carefully designed to guarantee the maximum comfort for the end client.
