Benefit: SCORPION claws motorized is an innovative product. The simplicity of use and the elegance of the movement make this mechanism a work of art. The reduced size of the footboard makes it suitable for smaller spaces while maintaining a comfortable resting posture for the legs. This mechanism is designed for padded fixed seat, as moving

the footboard, the positions of the seat and backrest will remain unchanged. A wide selection of finishes allow the customer to further customize the design of the mechanism in order to create a unique padding. SCORPION claws motorized has been designed to be upholstered with both CLOSED BASE and OPEN BASE.
