Benefit: SPAZIO D.S.C. motorized is the compact version (of 40 mm) of the homonymous SPAZIO D.S. In fact, as in the version D.S., the D.S.C. (Deep Seat Compact) is characterized by a deeper seat (+70mm) that in combination with the flap, allows manufacturers of padding to be able to use a single mattress keeping the same width between the seat and footboard. Finally, thanks to the characteristic Compact, this

product is ideal for use in contemporary upholstery, with **open base** (high feet up to 180 mm). The electrical adjustment allows the user to find the most comfortable position of use, all in safety, thanks to the characteristic 0-Wall. Possibility, on request, to customize the finishes of the exposed parts. SPAZIO D.S.C. is available in the motorized version.

Optional

SOME ACCESSORIES			ELECTRIC KIT		CONTROL SYSTEM
