Closed

TV

Full Relax

**Benefit:** Designed for a deeper and more compact seat (of 40 mm), SPAZIO D.S.C. open flap allows the manufacturer to realize sofas with a more slim design (open base). Thanks to the flap (open flap), the mechanism allows a longer length of the last part of the footboard (+50mm). The electrical control

allows an endless range of relax positions (closed, Tv, full Relax). Various finishings are available on customer request for the visible parts of the mechanism. SPAZIO D.S.C. open flap is available only in the motorized version.
