Closed

TV

Full Relax

Benefit: SPAZIO D.S. motorized is a product that stands out from the homonymous family for its deep seat, which combined with the flap in the footboard, give the user an experience of unprecedented comfort. In fact, the greater depth of the seat (+70mm) and the increased footrest thanks to the subottoman, allow the manufacturer to use a single

mattress keeping the same width between the seat and footboard. Designed for use inside upholstered **open base** (high feet), thanks to the electric handling the user has infinite relaxation positions, the whole wire wall (0-wall). Possibility, on request, to customize the finishes of the exposed parts.

Optional
