Closed

TV

Full Relax

Benefit: As the name suggests, SPAZIO compact is the most "compact" (of 40 mm) version of the family of Spazio mechanisms. This peculiarity gives, the possibility for manufacturers to design upholstered **open-base** contemporary style, using feet up to 180 mm high. Also, the additional flap present in the footboard and hidden when this is in the

closed position, offers, once activated the seat through the electric regulation, an additional support to the legs that amplifies the comfort experience offered to the user, the whole wire wall (0-wall). The exposed parts of the product, on request, can be embellished with various finishes depending on the customer's needs.

Optional

SOME ACCESSORIES			ELECTRIC KIT		CONTROL SYSTEM
