Full Relax

Benefit: SPAZIO reinforced motorized is the reinforced version of the homonymous SPAZIO double zero motorized. In fact, as in the "standard" version, the mechanics has a solid and functional structure that allows to maintain the same width between seat and footboard. This mechanism, designed for the most spacious seats (vacuum 1200mm), is in fact equipped with reinforced bars that make the structure

more resistant. The electrical adjustment and the flap that increase the footboard area, allow the user to find the most comfortable position of use, all in safety, thanks to the characteristic 0-Wall. SPAZIO reinforced motorized is a product indicated in the construction of padded **open base**. Finally, the exposed parts, on request, can be embellished with various finishes.

Optional

SOME ACCESSORIES			ELECTRIC KIT		CONTROL SYSTEM		
	CARTER			ACTUATORS		BUILT IN SWITCHES	
KD	FINISHES		PLUGS & CABLE EXTENSIONS	POWER SUPPLY & BATTERY PACKS	TOUCH SENSOR	WIRED/ WIRELESS REMOTES	SMARTPHONE CONTROL SYSTEM
