Positions:

Benefit: SPACE slim motorized is a simple and essential mechanism. Equipped with a flap that increases the extension of the footboard, the slim version offers the same performance of comfort characterizing the SPAZIO family. The seat is fixed as well as the backrest and the electric adjustment allow the user to set the footboard in different positions, obtaining

a comfortable resting posture for the legs, depending on the different needs. It is also possible, on request, to customize the finishes of the exposed parts. SPAZIO slim motorized is suitable for the construction of padded **open base** and is available only in the motorized version.

Optional
