Full Relax

Benefit: SUITE D.S.C. is ideal for creating upholstery from the most compact and deep seat, giving the user a unique relaxing experience. Top version of the SPAZIO family, the mechanics is innovative because the footboard is able to lift even more: ninety millimeters compared to previous versions. Thanks to the characteristic D.S.C, the padding has a longer seat top than the standard version; it is also perfect

for making compact seats, with a higher level of comfort. The reduced jaw thickness, allows great freedom when choosing the design of the finished product. The electric adjustment allows infinite relaxation positions. A wide selection of finishes allow the customer to further customize the design of the mechanism in order to create a unique padding. SUITE D.S.C has been designed to create upholstered OPEN BASE (high feet up to 180mm).
