Benefit: In the **bi-power** version, the SUITE has two actuators that increase its stability. Top version of the SPAZIO family, it is an innovative mechanics because the footboard is able to lift even more: ninety millimeters compared to previous versions. This aspect added to the characteristic "compact", means that the mechanism is perfect to create padded with

a higher level of comfort even in the seats, being able to take advantage of the central vacuum due to the absence of the actuator, all with **open base** up to 180 mm. The exposed parts can be embellished with various finishes.
