Full Relax

Benefit: With SUITE compact ext. footrest the relaxation experience is even more complete. op version of the SPAZIO family, the mechanics is innovative because the footboard is able to lift even more: ninety millimeters compared to previous versions. In addition, thanks to the presence of a revised flap, the footboard area is longer (+50mm). This peculiarity means that in closing, it does not remain parallel to the floor but to

about 20°. Thanks to these characteristics, the prototyper has the possibility to design an even longer flap tablet to give more support to the legs in the opening. SUITE compact ext. footrest is perfect for making upholstered from the most compact seat, with a higher level of comfort, all with **open base** up to 180 mm. The visible parts can be refined with various finishes.
