Benefit: Through the SUITE cuore compact motorized mechanism the experience of relaxation is even more complete. Compact and durable structure ideal for upholstered with a contemporary design. In a relaxed position it is able to raise the legs even higher than its namesake, reaching the "heart position": this particular position is the result of extensive studies that have highlighted that, thanks to the alignment

"legs/ heart", the feeling of relaxation is amplified. This aspect makes the mechanism is perfect for making padding that ensure a high level of comfort. The exposed parts can be embellished with various finishes. This mechanism has been designed to make upholstered both CLOSED BASE and OPEN BASE (high feet up to 180mm).
