Positions:

Benefit: The presence of two actuators, a distinctive element of the **two ways** version, allows you to release the operation of the footboard, making it completely independent of the seat and the back; which will be moved by another actuator. This will give us the choice of moving the footboard, just the seat, or both in a synchronized way. The result is endless choices in the desired relaxation position. Top version

of the SPAZIO family, the mechanics is innovative because the footboard is able to lift even more: ninety millimeters compared to previous versions. The exposed parts of the structure can be embellished various finishes upon request of the customer. SUITE two ways has been designed to make upholstered OPEN BASE (high feet up to 150mm).
