Full Relax

Benefit: SUNSET is simple and essential. It can be electronically adjusted to different positions, obtaining a comfortable resting posture for the legs. This mechanism is designed for padded fixed seat, as having the engine synchronised with the backrest, will cause the latter to act,

while the position of the seat will remain unchanged. A wide selection of finishes allow the customer to further customize the design of the mechanism in order to create a unique padding. SUNSET is designed for OPEN BASE upholstery (high feet).
