

TAURUS classic lift M1

Code PL5300-XXX

Standard sizes (mm)

520

Motorized	24kg +/- 1kg	Armchair	MAX 150kg 330lbs Maximum lifting capacity	Cycles:30.000	2 YEARS Mechanism 2 YEARS Actuator Warranty
-----------	--------------	----------	---	---------------	---

Positions:

Closed Full Relax Lift

Benefit: This Lift mechanism is designed for high lifting performance and comfort. The actuator adjusts the different positions: closed, tv, full relax and lifting (lift). The actuator extends the footboard and performs a light tilting action of the seat and back; then, recline the backrest

reaching the position of maximum comfort, or from the closed position lifts the chair completely, either the person, helping him to reach the standing position or as a support to sit. The mechanism is equipped with a base.

Optional
