

# WIRELESS RECHARGE

Code MOECC007843

BETWEEN HUMAN AND TECHNOLOGY

**1YEAR**

Warranty

## Benefit

**Benefit:** The **WIRELESS RECHARGE** is the last frontier to be able to recharge compatible devices, without being bond to wires. Motionitalia, through its electronic department, has moved the concept of wireless charging directly on the upholstery, allowing you to recharge different products while relaxing. With the **WIRELESS RECHARGE** you can recharge devices such as smartphones (if compatible), and a new collection of Motionitalia products, such as renewed handcontrols now available on the market.

## SETTING:

It can be installed both in the armrest and seat if wide, under the leather or fabric covering. The **WIRELESS RECHARGING** is very sensitive, it should be covered by 300 gr layer, which can ensure the right functioning.

## FEATURES:

**INPUT:** 5V/1.65°

**OUT PUT:** QI5W-iPhone 7,5W

*Charge transfer efficiency: 75%*

**Motionitalia** Design and quality Made in Italy
